11. Assignment of Bills. Except for assignment of payment of my original bills to a bank, factor, or other financial institution for collection, carriers will not subrogate their rights and/or interest in the bills for service rates and charges on which such charges are based, or any subsequent claims thereon to third parties, unless the subrogation is revocable and under my control. Carriers will always retain the right and authority either to claim or not claim or to cancel claims on services to the Military Services which my company furnished and/or billed for, and carriers do not now have, nor will carriers enter into, agreements with parties not subject to my control which in any way infringe, controvert, or otherwise subordinate or prevent my company from deciding unilaterally whether it will, or will not, submit a claim or file suits against the Government or pay a claim by the Government after the original bill for services performed under this tender has been submitted. Failure to comply with the above certification will make my company or me ineligible to participate in the DOD Personal Property Shipment and Storage Program, and the sole determination in this matter will rest with the DOD through the Military Traffic Management Command.

12. References: Where reference is made in this solicitation to an item, such reference will be deemed to include amendments thereto or reissues thereof, unless otherwise specified herein.

Filing With Regulatory Bodies: Carrier(s) certifies (certify), where required, the requisite number of copies of this document is being filed concurrently with the Interstate Commerce Commission in accordance with Section 10721 of the Interstate Commerce Act or with other regulatory agencies as appropriate.

14. Alternation: Volume Of Traffic: This schedule of rates and charges will not apply for a carrier where the total charges accruing hereunder exceed the total charges otherwise applicable for that carrier for the same service(s). Submission of single factor rates will not be construed as a guarantee by the Government of any particular volume of the traffic.

- If another carrier is awarded the shipment under an existing HQMTMC-approved rate on file to the new destination, bill the SFR less the reduction for nonperformance of packing and stuffing described under Item 524.

a. This item applies to shipments which are terminated for the convenience of the Government and which require over ocean transportation either by air or water. A reshipment normally will be handled by the carrier originally tendered the shipment if that carrier has a cost effective MTMC-approved rate on file or negotiates an acceptable OTO rate with HQMTMC.

b. The point of termination will be considered the final destination of the original shipment and the GBL will be adjusted accordingly.

c. Onward movement of property will be treated as a new shipment under a new PPGBL. The following procedures will be followed in determining applicable rates for the new PPGBL:

(1) If the carrier originally handling the shipment has a cost effective HQMTMC approved rate on file to the new destination, that SFR, less \$12.50 (LHS) per net CWT in CONUS, \$18.00 (LHS) per net CWT in overseas areas for nonperformance of packing and stuffing will apply. The reduction will be supported by a PPSO annotation on the original PPGBL.

(2) If the carrier originally handling the shipment does not have a cost effective, HQMTMC-approved SFR on file to the new destination, an acceptable OTO SFR will be negotiated or the shipment will be tendered to another carrier.

(3) If the shipment is tendered to another carrier with a cost effective, HQMTMC approved rate on file, this SFR will be reduced by \$7.50 (LHS) per net CWT for nonperformance of packing services. The shipment will be decontainerized and restuffed into other containers and original containers returned to the owner.

d. The above procedures are not applicable to those shipments terminated and retendered due to the fault of the carrier, such as carrier bankruptcy or failure to complete movement as defined in Chapter III, Item 330. The following procedures will apply:

(1) Shipments will remain in the original carrier's containers. These containers will be made available to the original carrier by the new carrier at destination.

(2) The SFR will be reduced by \$7.50 (LHS) per net CWT for nonperformance of packing services when the shipment is tendered to another carrier with a cost effective HQMTMC-approved rate on file.

(3) SFR reductions for nonperformance of packing will not apply when OTO rates are solicited by HQMTMC to complete onward movement of these shipments.

e. Old and new PPGBLs will be cross-referenced.

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-13

Item 525 [RSP]

Reshipments - UB

Billing Note: This item applies to UB shipments terminated for the convenience of the Government and require over ocean transportation either by air or water. The onward movement of property will be treated as a new shipment under a new PPGBL. The following procedures will be followed in determining applicable rates for the new PPGBL and related charges should be billed referencing code "LHS" instead of Item 525:

- If the carrier originally handling the shipment is awarded the onward transportation under an existing HQMTMC-approved rate on file to the new destination, bill the SFR less the reduction for nonperformance of packing and stuffing described under Item 525.
- If the onward transportation of the shipment is tendered to a carrier under a negotiated OTO rate, there is no reduction to the SFR.
- If another carrier is awarded the shipment under an existing HQMTMC-approved rate on file to the new destination, bill the SFR less the reduction for nonperformance of packing and stuffing described under Item 525.
 - a. This item applies to shipments which are terminated for convenience of the Government and which require over ocean transportation either by air or water. A reshipment normally will be handled by the carrier originally tendered the shipment if that carrier has a cost effective, HQMTMC-approved rate on file or negotiates an acceptable OTO rate with MTMC.
 - b. The point of termination will be considered the final destination and the original PPGBL will be terminated at that point.
 - c. Onward movement of property will be treated as a new shipment under a new PPGBL. The following procedures will be followed in determining applicable rates for the new PPGBL:
 - (1) If the carrier originally handling the shipment has a cost effective, HQMTMC approved rate on file to the new destination, that SFR, less \$5.00 (LHS) per gross CWT for nonperformance of packing will apply. The reduction will be supported by a PPSO annotation on the original PPGBL.
 - (2) If the carrier originally handling the shipment does not have a cost effective, HQMTMC approved rate on file to the new destination, an acceptable OTO SFR will be negotiated or the shipment will be tendered to another carrier.
 - (3) If the shipment is tendered to another carrier with a cost effective, HQMTMC approved rate on file, this SFR will be reduced by \$5.00 (LHS) per gross CWT for nonperformance of packing services.
 - d. Old and new PPGBLs will be cross-referenced.

Item 526 [DIC]

Shipments Diverted After Commencement of Transportation Service

- (526A) - Diversion charge
- (526B) - Diversion - Port Handling
- (526C) - Diversion - Storage

Billing Note 1: A charge per shipment using 526A applies when a change to a new destination point occurs more than 30 miles from the original destination point.

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-13

Billing Note 2: A handling charge will apply to some shipments diverted at an overseas terminal to another overseas destination point. Bill the handling charge as 526B using rates under either EDI code 518D, warehouse handling - HHGs, or EDI code 519C, warehouse handling - UB.

Billing Note 3: Diversion of some shipments affect the SFR. Reference the appropriate International Personal Property Rate Solicitation guidance under Item 526 for proper billing procedures. Bill the adjustment caused by a diversion using code "LHS."

Billing Note 4: A storage charge will apply to some shipments diverted at an overseas terminal to another overseas destination point. Bill the storage charge as 526C, using rates from either Item 518 for HHG or Item 519 for UB shipments.

*Changed to reflect OTO diversions are approved a. Upon instructions made and confirmed in writing by the PPSO, shipments will be diverted subject to the provisions and charges shown below. However, when charges are assessed in accordance with the provisions of this item, the charges associated with delivery from SIT herein will not apply. **Diversions requests for OTO shipments must be submitted by PPSO to MTPP-HR for processing, and will be approved on a case by case basis.**

b. The term "diverted" or "diversion" as used herein means a change to a new destination point more than 30 miles from the original destination point. A diversion will be made only at an ocean or aerial port of embarkation, an ocean or aerial port of debarkation, or at destination point. If the PPSO directs the movement of the shipment to a place which is less than 30 miles from the original destination point of the shipment, the shipment will be terminated at the point designated by the PPSO and no diversion will occur. In such instance, the SFR will be that applicable to the original destination point. If the PPSO directs the movement of the shipment to a place which is more than 30 miles from the original destination point, the transportation charges as stated below in this item will apply.

EXCEPTION: The provisions of this item will not apply if instructions are received to change the destination of a shipment that is in SIT at destination. In such instances, transportation charges to the new destination point from the SIT warehouse will be computed under the provisions of Pickup/Delivery Transportation Rate to apply on SIT shipments.

c. When an order for diversion is received by carrier, diligent effort will be made by carrier to locate the shipment at the ocean or aerial port of embarkation or debarkation, or destination and effect the change desired. The carrier will not be responsible for failure to effect the change ordered, unless such failure is due to error or negligence of the carrier or its employees.

d. Upon receipt of a diversion certificate from the PPSO and properly affixed to carrier's bill to support billing for diversion charges, a \$40.00 (526A) per shipment charge will apply and, when applicable, the following additional provisions, rates and charges will apply:

(c) Diverted at CONUS POD to a destination point in another CONUS rate area which uses different POD.

1 Use SFR from origin to the original CONUS destination rate area with land mileage adjustment for mileage differential between CONUS POD used to original destination and CONUS POD used to the new destination.

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-13

2 Adjustments for mileage differentials will be computed as follows:

a If mileage between the CONUS POD used and the original destination point is less than the distance between the CONUS POD used and the new destination point, the carrier will be paid for such excess mileage in addition to the applicable SFR.

b If mileage between the CONUS POD used and the original destination point exceeds the distance between the CONUS POD used and the new destination point, and adjustment of the mileage differential will accrue to the Government at 100 percent of the applicable linehaul rate table for the difference in mileage, this amount will be deducted from applicable SFR.

NOTE 2: If the carrier does not have a SFR on file from the origin to the new destination, the shipment will be terminated and the nearest PPSO will direct the shipment as required.

Item 527 [HHG]

Delivery of Split Codes T and 5 Shipments

(527A) - Multiple pickups for split Code T/5 shipments

(527B) - Multiple deliveries for split Code T/5 shipments

a. Door-to-Door Container AMC (Code T) and Door-to-Door Container MSC (Code 5) shipments which arrive at the POD on separate aircraft or vessels, and are offered to the carrier or carrier's agent not consolidated, may be considered split shipments. When offered a split shipment by an aerial or ocean POD, the carrier or carrier's agent will obtain a certificate from the aerial or ocean port that a complete shipment could not be provided.

b. The certificate must provide the flight or voyage number which will be applicable to each portion of the split shipment.

(1) When pickups of a split shipment results in more than one pickup at the port/terminal, compensation to carrier for extra pickups at the port will be \$25.00. (527A)

(2) When receipt of a split shipment results in more than one delivery to residence to completely deliver shipment, the following additional charge will apply:

(a) For CONUS destination: For each delivery in addition to the first delivery - \$40.00. (527B)

(b) For overseas destination: For each delivery in addition to the first delivery - \$15.00 (527B)

c. Charges for delivery of split Code T and Code 5 shipments will be supported by copies of the POD certificates for each increment and a separate DD Form 619, issued by the destination PPSO stating the number of multiple deliveries ordered by the PPSO and performed by the ITGBL carrier to complete shipment.

d. When a split delivery occurs between two ports (primarily experienced on Code T shipments), both the provisions of Items 527 and 528 should be made applicable. Only that portion of the shipment arriving at the nondesignated POD would append the linehaul adjustment of Item 528. However, both PODs should issue the certificate of split/partial delivery: additionally, the POD receiving the portion as a nondesignated POD should issue the separate certificate supporting Item 528.

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-13

Item 528 [LHS]

Use of Alternate Ports for Codes 5 and T Shipments

Billing Note: When a Code T or 5 shipment is routed through a military ocean/aerial terminal (MOT/MAT) other than the designated MOT/MAT shown in HQMTMC's rate solicitation and this results in different land mileage, adjustments of such mileage differential will be computed as follows:

- If the mileage between the MOT/MAT used and the origin or destination point exceeds the distance between the designated MOT/MAT and the origin or destination point, the carrier is entitled to be paid for such excess mileage based upon the applicable linehaul rate table in addition to the applicable SFR.
- If the mileage between the MOT/MAT used and the origin or destination point is less than the distance between the designated MOT/MAT and the origin or destination point, the carrier is supposed to reduce the applicable SFR by the mileage differential based upon 100 percent of the applicable linehaul rate table. In either case, such adjustments should be made to the carrier's SFR and be billed referencing code "LHS" instead of Item 528. The alternate port must be identified when an adjustment to the SFR is caused by use of alternate port. Identify the alternate terminal or port next to the "LHS" charge when billing via the SF 1113. Use the authorized terminal or port codes identified in the personal property rate solicitation. Use the N1 segment as defined by the DOD EDI Convention to identify the alternate port when billing via EDI.

(Also Applicable When Code 4 Shipments are off-loaded at Other Than Manifested POD)

a. ITGBL carriers will deliver HHG's shipments moving in Code 5 and T to the military ocean/aerial terminal (MOT/MAT) shown on the Transportation Control Movement Document (TCMD). PPSOs will use DOD 4500-32R for routing Code 5 shipments.

b. When a Code 5 or T shipment is routed through a MOT/MAT other than the designated MOT/MAT shown in the solicitation and this results in different land mileage, adjustments of such mileage differential will be computed as follows:

(1) If the mileage between the MOT/MAT used and the origin of destination point exceeds the distance between the designated MOT/MAT and the origin or destination point, the carrier will be paid for such excess mileage in accordance with the applicable linehaul rate table in addition to the applicable SFR.

(2) If the mileage between the MOT/MAT used and the origin or destination point is less than the distance between the designated MOT/MAT and the origin or destination point, an adjustment of the mileage differential will accrue to the Government at 100 percent of the applicable linehaul rate table for the difference in mileage. This amount will be deducted from the applicable SFR.

c. To substantiate the ports utilized, the carrier will submit with his billing, any one of the following documents designating such ports:

- (1) Thru Government bill of lading
- (2) Ocean freight bill
- (3) Port agent invoice
- (4) Underlying linehaul carrier bill of lading
- (5) Certificate issued by a PPSO or terminal officer showing the ocean/aerial Port used

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-13

d. When for any reason, i.e., strikes or other emergencies, ITGBL Code 4 shipments are ordered off-loaded at a MOT instead of the manifested commercial Port of Debarkation (POD), and this results in a differential in land mileage, adjustment will be computed in accordance with above.

Item 529 [LHS]

Provisions Governing Code J Shipment On-Loaded at Other Than Designated APOE or Off-Loaded at Other Than Designated APOD

Billing Note: When a Code J shipment is routed through a MAT other than the designated MAT shown in HQMTMC's rate solicitation and this results in different land mileage, adjustments or such mileage differential will be computed as follows:

- If the mileage between the MAT used and the origin or destination point exceeds the mileage between the MAT designated and the origin or destination point, the carrier is entitled to be paid for such excess mileage based upon the applicable linehaul rate table in addition to the applicable SFR.

- If the mileage between the MAT used and the origin or destination point is less than the mileage between the MAT designated and the origin and destination point, the carrier is supposed to reduce the applicable SFR by the mileage differential based upon 100 percent of the applicable linehaul rate table. In either case, such adjustments should be made to the carrier's SFR and be billed referencing code "LHS" instead of Item 529. The alternate terminal must be identified when an adjustment to the SFR is caused by the use of an alternate terminal. Identify the alternate terminal or port next to the "LHS" charge, when billing via the SF 1113. Use the authorized terminal or port codes identified in the personal property rate solicitation. Use the N1 segment as defined by the DOD EDI convention to identify the alternate terminal when billing via EDI.

a. ITGBL carriers will deliver UB shipments moving in Code J service to the AMC Terminal or APOE shown herein.

b. When a carrier is directed to deliver a Code J UB shipment to a specified APOE, other than that designated herein, and this results in different land mileage, adjustments for such mileage will be computed as follows:

- (1) If the mileage between the APOE used and the origin point exceeds the distance between the designated APOE and the origin point, the carrier will be paid for such excess mileage in accordance with applicable linehaul rate table in addition to the SFR.

- (2) If mileage between APOE used and origin point is less than the distance between the designated APOE and the origin point, an adjustment of the mileage differential will accrue to the Government at 100 percent of the rate in the applicable linehaul rate table for the difference in mileage. This amount will be deducted from the SFR.

c. When AMC routes a Code J shipment through a destination AMC terminal, Aerial Port of Debarkation (APOD), other than that designated and this results in different land mileage, adjustments for such mileage will be computed as follows:

- (1) If the mileage between APOD used and the destination point exceeds the distance between the designated APOD and the destination point, the carrier will be paid for such excess mileage in accordance with the applicable linehaul rate in addition to the SFR.

- (2) If the mileage between the APOD used and APOD destination point is less than the distance between the designated APOD and the destination point, an adjustment of the mileage differential will accrue to the Government at 100 percent of the rate in the applicable linehaul rate table for the difference in mileage. This amount will be deducted from the SFR.

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-13

d. To substantiate the ports utilized, the carrier will submit, with his billing, any one of the following documents designating such ports:

- (1) Thru Government bill of lading
- (2) Ocean freight bill
- (3) Port agent invoice
- (4) Underlying linehaul carrier bill of lading
- (5) Certificate issued by a PPSO or terminal officer showing the Ocean/Aerial Port used

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-13

ELECTRONIC FUNDS TRANSFER PAYMENT

(MANDATORY)

1. Method of Payment. Payments by the Government under this solicitation, including invoice and personal property Government bills of lading (PPGBLs) payments, may be made by check or electronic funds transfer (EFT) at the option of the Government. If payment is made by EFT, the Government may, at its option, also forward the associated payment information by electronic transfer. The term “EFT” refers to the funds transfer and may also include the information transfer.
2. Mandatory Submission of Carrier’s EFT Information.
 - a. The carrier is required, as a condition to any payment under this solicitation, to provide the Government with the information required to make payment by EFT as described in paragraph 4 unless the payment office determines that submission of the information is not required. The carrier shall provide EFT information as described in paragraph 4 below.
 - b. If the carrier provides EFT information applicable to multiple PPGBLs, the carrier shall specifically state the applicability of this EFT information in terms acceptable to the payment office.
3. Carrier’s EFT Information. Prior to submission of the first request for payment (whether for invoice or PPGBL payment) under this solicitation, the carrier shall provide the information required to make payment by EFT directly to the appropriate Government payment office. If more than one payment office is named, the carrier shall provide a separate notice to each office. In the event that the EFT information changes, the carrier shall be responsible for providing the change to the designated payment office(s).
4. Required EFT Information. The Government may make payment by EFT through either an Automated Clearing House (ACH) subject to the banking laws of the United States or the Federal Reserve Wire Transfer System at the Government’s option. The carrier shall provide the following information for both methods in a form acceptable to the designated payment office. The carrier may supply this data for this or multiple PPGBLs (see paragraph 2).
 - a. PPGBL, invoice, or appropriate assigned number.
 - b. The carrier’s name, standard carrier alpha code (SCAC), and remittance address, as stated in the PPGBL, and account number at the carrier’s financial agent.
 - c. The signature (manual or electronic, as appropriate), title, and telephone number of the carrier official authorized to provide this information.

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-13

d. For ACH payments only:

(1) Name, address, and 9-digit Routing Transit Number of the carrier's financial agent.

(2) Carrier's account number and the type of account (checking, saving, or lock box).

e. For Federal Reserve Wire Transfer System payments only:

(1) Name, address, telegraphic abbreviation, and the 9-digit Routing Transit Number of the carrier's financial agent.

(2) If the carrier's financial agent is not directly on-line to the Federal Reserve Wire Transfer System and, therefore, not the receiver of the wire transfer payment, the carrier shall also provide the name, address, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment.

5. Suspension of Payment.

a. The Government is not required to make any payment under this solicitation until after receipt, by the designated payment office, of the correct EFT payment information from the carrier or a certificate submitted in accordance with paragraph 2. Until receipt of the correct information, any invoice or PPGBL payment request shall be deemed not to be a valid invoice or PPGBL payment request as defined in paragraph 8.

b. If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than the 30th day after its receipt to the extent payment is made by EFT. However, the carrier may request that no further payments be made until the changed EFT information is implemented by the payment office. If such suspension would result in a late payment under paragraph 8, the carrier's request for suspension shall extend the due date for payment by the number of days of the suspension.

6. Carrier EFT Arrangements. The carrier shall designate a single financial agent capable of receiving and processing the electronic funds transfer using the EFT methods described in paragraph 4. The carrier shall pay all fees and charges for receipt and processing of transfers.

7. Liability for Uncompleted or Erroneous Transfers.

a. If an uncompleted or erroneous transfer occurs because the Government failed to use the carrier-provided EFT information in the correct manner, the Government remains responsible for making a correct payment, paying any prompt payment penalty due, and recovering any erroneously directed funds.

b. If an uncompleted or erroneous transfer occurs because carrier-provided EFT information was incorrect at the time of Government release of the EFT payment transaction instruction to the Federal Reserve System and --

(1) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the carrier is responsible for recovery of any erroneously directed funds; or

(2) If the funds remain under the control of the payment office, the Government retains the right to either make payment by mail or suspend the payment in accordance with paragraph 5.

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-13

8. EFT and Prompt Payment.

a. A payment shall be deemed to have been made in a timely manner if, in the EFT payment transaction instruction given to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

b. When payment cannot be made by EFT because of incorrect EFT information provided by the carrier, no interest penalty is due after the date of the uncompleted or erroneous payment transaction, provided that notice of the defective EFT information is issued to the carrier within 7 days after the Government is notified of the defective EFT information.

9. EFT and Assignment of Claims. If the carrier assigns the proceeds, the assignee shall provide the assignee EFT information required by paragraph 4. In all respects, the requirements shall apply to the assignee as if it were the carrier. EFT information which shows the ultimate recipient of the transfer to be other than the carrier, in the absence of a proper assignment of claims acceptable to the Government, is incorrect information within the meaning of paragraph 5.

10. Payment Office Discretion. If the carrier does not wish to receive payment by EFT methods for one or more payments, the carrier may submit a request to the designated payment office to refrain from requiring EFT information or using the EFT payment method. The decision to grant the request is solely that of the Government.

11. Change of EFT Information by Financial Agent. The carrier agrees that the carrier's financial agent may notify the Government of a change to the routing transit number, carrier account number, or account type. The Government shall use the changed data in accordance with paragraph 5.b. The carrier agrees that the information provided by the agent is deemed to be correct information as if it were provided by the carrier. The carrier agrees that the agent's notice of changed EFT data is deemed to be a request by the carrier in accordance with paragraph 5.b. that no further payments be made until the changed EFT information is implemented by the payment office.
